STAT
NOTE FOR:

Assistant General Counsel

STAT
FROM:

D/PPS

SUBJECT: Transfer of Tasking Authority Working Group

STAT
1. As we discussed, attached are the two documents prepared by the TTAWG. The first, prepared as an NSDD, is intended to elicit Presidential agreement in the policy stated. Whether or not it comes out as an NSDD, or some other document, will be a function of my discussion with the NSC staff once everyone inside the Intelligence Community is in agreement with the text. The second document is the MOA which will be co-signed by Casey and Weinberger and is totally consistent with the earlier McMahon/Stilwell agreement.

STAT
2. I intend to send this out to the NFIB Program Managers, and others who have a direct interest, for formal coordination within the next couple of weeks. The DDCI has reviewed both documents and is in agreement with them as written, however, we did want you to make a final check from your vantage point and let me know if you have any problems. I would appreciate hearing from you either Wednesday or Thursday (24 or 25 July) of next week. My next meeting of the Working Group is 29 July.

STAT
Attachments:

- a. Draft NSDD
 - b. Draft MOA
